

## **WEAR AND TEAR DEFINITION AMENDMENT**

### **WEAR AND TEAR COVERAGE:**

Ultimate Warranty Corp. agrees to cover all sources of wear and tear to components that are covered under our service agreement. The wear and tear coverage does not require that the covered component fail mechanically. We will pay for the covered replacement, less deductible, for components that do not meet the manufacturers recommended specifications or tolerances. It is still a condition of this service agreement that the vehicle be maintained as directed by manufacturer.
