

Warranties 4 Wheels — Extended Auto Warranty Specialists

Warranties 4 Wheels is an independent Broker of Vehicle Service Agreements.

We offer "Exclusionary" coverage on most vehicles 20 years old or newer with less than 85,000 miles.

"Listed Component" coverage is available on all other vehicles. As a Broker, we have the ability to shop out different companies to provide you the best possible options.

Most of the companies we represent have products that:

Include Roadside Assistance and Towing, Rental Reimbursement and Trip Interruption

Are transferable when the vehicle is sold to a private party, increasing resale value and saleability

Are Cancelable if your vehicle is sold or stolen

Are Renewable with one month and 1,000 left on the current agreement

Provide comprehensive coverage up to 150,000 miles on the odometer

Are good at all certified shops and Dealers nationwide and in Canada

Have a true \$0 Deductible anywhere — Not only \$0 deductible at special shops or dealerships

Have "Wear & Tear" coverage (see attached) and seals and gasket coverage

BUMPER TO BUMPER

Only the Manufacturer can offer true "Bumper to Bumper" coverage!!!

"Bumper to Bumper" (from the manufacturer) covers EVERY electrical and mechanical part on your vehicle, including cosmetics, vinyl, leather, upholstery, rust, paint, paint oxidation, corrosion, emissions, and the exhaust system. Any Internet website or salesperson stating that their agreements are "Bumper to Bumper" are misrepresenting their coverage!!!

EXCLUSIONARY COVERAGE (New car, factory-like coverage)

This is the most comprehensive Service Agreement that you can purchase for your vehicle. Since there are so many parts on a car, they can only list what is excluded. All parts on the vehicle not listed in the exclusions, are covered. Warranties4Wheels offers Exclusionary Coverage for most vehicles 20 years old or newer with less than 85,000 Miles on the Odometer.

LISTED COMPONENT AGREEMENTS (Pre-owned and used vehicles)

Most of the Auto Warranties for New & Used Vehicles found at many Dealerships, Credit Unions or on Internet Websites are called "Listed Component" agreements. They only "List What is Covered". All of the other parts on the vehicle Not Listed in the Agreement are Excluded, hence the lower cost.

START DATE OF COVERAGE

Our Agreements Start on the Purchase Date of the Contract, not the Original Purchase Date of the Vehicle, like at the Dealerships that start from the in-service date of the vehicle.

You MUST COMPARE contracts when shopping for a Service Agreement. For a proper comparison you should get actual copies of the contracts (not brochures, as they are vague). If the verbiage on the contract states, "We provide coverage for the following components", it is a "Listed Component" agreement, and not an "Exclusionary" one.
